

Safety Data Sheet

READYFLUSH BIODEGRADABLE FLUSHABLE WIPES

Section 1. Identification

Product Identifier READYFLUSH BIODEGRADABLE FLUSHABLE WIPES
Synonyms MSC263811; MSC263801; MSD_SDS0225
Manufacturer Stock
Numbers MSC263811; MSC263801

Recommended use Personal care shampoo for hospital use (wipes).
Uses advised against N.A.

Manufacturer Contact
Address Medline Industries, Inc.
 One Medline Place
 Mundelein, IL, 60060
 USA

Phone
(800) 633-5463

Section 2. Hazards Identification

Classification This material is considered not hazardous- Category N/A

Signal Word

Pictogram

Hazard Statements While this material is not classified as hazardous under OSHA regulations, this SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product.

Precautionary Statements

Response N/A
Prevention N/A
Storage N/A
Disposal N/A

Ingredients of unknown toxicity 0%

Hazards not Otherwise Classified

None known.

Section 3. Ingredients

CAS	Ingredient Name	Weight %
-----	-----------------	----------

Occupational exposure limits, if available, are listed in Section 8.

Section 4. First-Aid Measures

General Advice:	Take proper precautions to ensure your own health and safety before attempting rescue and providing first aid. Consult a physician. Show this safety data sheet to the doctor in attendance. Move out of dangerous area.
Eye Contact:	Flush eyes with large amounts of water for at least 15 minutes. Remove contact lenses, if worn. If irritation persists, seek medical attention.
Skin Contact:	If irritation develops wash area with water. Get medical attention if irritation persists.
Inhalation	Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. If signs/symptoms continue, get medical attention.
Ingestion:	Never give anything by mouth to an unconscious person. Rinse mouth with water. Get medical attention if discomfort occurs
Note to Physician:	There is no specific antidote. Treatment of overexposure should be directed at the control of symptoms and the clinical condition of the patient.
Most important symptoms/effects:	Eye contact: Contact may cause mild eye irritation. Prolonged contact may be more severe.
Most important symptoms and effects:	Skin contact: No hazard expected under normal use. Prolonged or repeated contact may be more irritating.
Most important symptoms/effects:	Skin absorption: No absorption hazard expected under normal use. Inhalation: No hazard expected under normal use. Ingestion: No hazard expected under normal use. Single dose oral toxicity is considered to be extremely low. No hazards anticipated from swallowing small amounts incidental to normal handling operations.

Section 5. Fire Fighting Measures

Suitable Extinguishing Media	In case of fire, use Dry Chemical, Alcohol-resistant foam, Carbon Dioxide (CO2), or water fog.
Unsuitable Extinguishing Media	N/A
Fire fighting methods:	Will not burn. No special instructions available. Use fire fighting methods appropriate for surrounding materials.
Fire and Explosion hazards:	None known.
Hazardous combustion products:	None known.

Section 6. Accidental Release Measures

Non-hazardous Small Spill: Should be cleaned up at the time of the spill. Take all necessary precautions and wear any personal protective equipment that is applicable. Dispose of per local and state regulations.

Non-hazardous Large Spill: Should be cleaned up at the time of the spill. May require special treatment, equipment and/or emergency assistance. Dispose of per local and state regulations.

Section 7. Handling and Storage

Handling Non-hazardous: This product is considered to be an article which does not release or otherwise result in exposure to a hazardous chemical under normal use conditions.

Storage Non-hazardous: Store in original package. Discard unused portion. Do not reuse. No special storage conditions required.

Section 8. Exposure Controls/Personal Protection

Occupational Exposure Limits	Ingredient Name	ACGIH TLV	OSHA PEL	STEL
Personal Protective Equipment	N/A			
Engineering Controls:	None expected to be needed under normal use. Avoid creating dust or mist. Do not use in close or confined spaces.			
Respiratory Protection:	No special respiratory protection is recommended under anticipated conditions of normal use with adequate ventilation.			
Eye Protection:	None required under normal use conditions. Applicable for industrial settings only: Chemical goggles recommended.			
Skin Protection:	Material is not considered a skin contact hazard; however, it is advised that personnel minimize skin contact.			
Other protective equipment:	Eye-wash station.			
Work/hygienic practices:	Handle in accordance with good industrial hygiene and safety practice. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Safety shower and eye wash should be available close to work areas.			

Section 9. Physical and Chemical Properties

Physical State	Liquid
Color	Clear, colorless
Odor	Mild odor
Odor Threshold	N.D.
Solubility	Complete
Partition coefficient Water/n-octanol	N.D.
VOC%	N/A
Viscosity	N.D.
Specific Gravity	1.0007
Density lbs/Gal	N/A
Pounds per Cubic Foot	N/A
Flash Point	N.A.
FP Method	N.A.
Ph	5.00 (as is)
Melting Point	N.D.
Boiling Point	N.D.
Boiling Range	N.D.
LEL	N/A
UEL	N/A
Evaporation Rate	N.D.
Flammability	N.D.
Decomposition Temperature	N.D.
Auto-ignition Temperature	No data
Vapor Pressure	N.D.
Vapor Density	N.D.

Section 10. Stability and Reactivity

Reactivity:	N.A.
Stability:	Stable under normal conditions.
Possibility of Hazardous Reactions:	Hazardous polymerization will not occur under normal conditions.
Conditions to avoid:	All forms of contamination.
Incompatibility (Materials to Avoid):	None known.
Hazardous Decomposition or Byproducts:	None known.

Section 11. Toxicological Information

Acute Toxicity: Oral LD50	Component: No omponents found or no data available for product.
Acute Toxicity: Dermal LD50:	Component: No omponents found or no data available for product.
Acute Toxicity: Inhalation LC50	Component: No omponents found or no data available for product.
Likely Routes of Exposure:	None known.
Eye Contact:	May cause mild irritation. Prolonged contact may be more severe.
Skin contact:	No hazard expected under normal use. Prolonged or repeated contact may be more irritating.
Skin absorption:	No absorption hazard expected under normal use.
Ingestion:	No hazard expected under normal use. Single dose oral toxicity is considered to be extremely low. No hazards anticipated from swallowing small amounts incidental to normal handling operations.
Medical conditions aggravated by exposure to product:	None known.
Other:	None known.
Cancer information:	This product does not contain 0.1% or more of the known or potential carcinogens listed in NTP, IARC, or OSHA.

Section 12. Ecological Information

Ecotoxicological Information: N.A.
Chemical fate information: N.A.

Section 13. Disposal

Waste Disposal: Waste must be disposed of in accordance with federal, state and local environmental control regulations.
Hazardous Waste Number: N.A.

Section 14. Transport Information

UN Number	N/A
UN Proper Shipping Name	Not regulated
DOT Classification	Not regulated
Packing Group	Not regulated

Section 15. Regulatory Information

SARA 311/312: N.A.
SARA 302: N.A.
SARA 313: N.A.
TSCA: N.A.
CERCLA Hazardous Substance List: N.A.
Clean Air Act (CAA) Section 112, 112 (r): N.A.
State Regulations: N.A.

Section 16. Other Information

Revision Date 12/18/15
