

The 499KLHR is a compact version of our most popular scale, the 500KL. The waist-high display is easy to read and the scale is an attractive, robust option for use in medical offices. With a height rod included, the 499KLHR is an economical choice for almost any environment.

Advantages

- EMR Connectivity**
Scale has the ability to interface with a computer, EMR software or other electronic device via various Health o meter[®] Professional Connectivity Solutions
- Calculates Body Mass Index (BMI)**
Scale functions include the ability to calculate the patient's BMI
- Low Profile Platform**
Low platform height requires only minimal step up, offering patient a more comfortable and stable weighing experience
- Value-Added Features**
Operating functions (LB/KG Conversion, LB/KG Lock Out, BMI, Zero, Tare, Hold/Release, Auto Zero, Auto Off) included at no additional cost
- Compact Size**
The slim design of the scale and waist-high display require a limited amount of space
